Talented Junior Software Engineer adept at working with customers, team members and project leaders to accomplish software engineering and updating tasks according to timelines. Solid understanding of full development lifecycle. Skilled working with wide range of front- and back-end technologies to produce and evaluate code.

Work History

2017-03 - 2020-03

Patient Intake Coordinator

At Home Sleep Studies, Las Vegas, NV

- Worked independently throughout the day, without the need of micro-management.
- Meticulously maintained a complex file system; respecting ACHC standards and HIPPA compliance.
- Educated patients on how to use medical equipment.
- Educated two new staff-members on how to perform their work as I moved up in the company.

2016-01 - 2017-02

Technician

Interstate All Battery Center, Las Vegas, NV

- Handy man: troubleshooting and repairing anything customers brought in.
- Keeping the facility stocked, and in-order.
- Payment processing, running the cash register.

2013-08 - 2015-12

General Laborer

Mad Food Inc., Las Vegas, NV

- As with any restaurant establishment I wore many hats; cooking, cleaning, register, customer service.

Education

2021-01 - 2021-06

Full Stack Development: Software Engineering

App Academy - Online
